### Education Perfect Contribution 2026

Dear Parents and Carers

Gold Creek School has made the decision to give the Education Perfect contribution cost its own contribution letter and remove this request from the Voluntary Contribution letter you receive a few times across the calendar year.

Education Perfect is a subscription-based learning platform that replaces traditional textbooks and reduces expenditure without needing to buy hardcopy textbooks. Students can access their account using their school credentials on any online device.

Teachers can assign interactive lessons and gamified resources to classes and individual students to suit their learning needs. It provides immediate feedback to students to improve engagement and learning outcomes, and offers teachers detailed analytics to track student progress, identify learning gaps, and enable differentiated instruction.

Your contribution to your student learning is appreciated.
